Yakima River Fall Chinook Fishery: September 7-13

This past week WDFW staff interviewed 63 anglers with 4 adult chinook and a coho. An estimated 405 anglers fished for salmon in the Yakima River this past week and harvested 21 adult fall chinook and 3 coho. Salmon are trickling through the Prosser Diversion at this time with less than 20 chinook per day passing upstream. Flows are very low in the lower Yakima River at just over 600cfs. We will likely need some rain to improve the flows and bring the fish in.
